The 7th **Annual Sapperton Days Street Festival** is a non-profit community event put together jointly by its business and residents' associations. **All proceeds raised on the day of the event are donated to the Royal Columbian Hospital Foundation. This year's Festival will support their Equipment and Patient Care Enhancements Campaign goal to raise \$1.6 million dollars.**

RCH is the major trauma centre for 1.5 million people from Burnaby to Boston Bar, and is the region's heart centre - the only hospital to provide open heart surgery and cardiac catheterization. As the region's major referral hospital for neurosurgery, renal care, high risk maternity and newborn intensive care RCH must be equipped to serve the largest and fastest growing region in the province.

Come join us to celebrate the beginning of summer. We will be having a craft fair, live performances, bouncy castles, clowns, bike races, a pancake breakfast and much, much, more
